

Juneau International Airport

Tenant/Company Badging Financial Responsibility

The Juneau International Airport provides badges to tenants/company employees, to provide identification and access in and around the airport terminal and airfield. To acquire a badge/access, the tenant/company must have a lease, or demonstrate an operational need to be at the airport. To compensate the airport for providing badge identification and access, each tenant/user must pay for the badge, proximity card (access), fingerprints (SIDA, Sterile-AOA, and Sterile Area badges only), and deposit (unless the tenant/company chooses to be responsible for any lost badges).

Please indicate how you or your company would like to pay for airport badging:

Badge and prox fees:

- _____ Billed to the tenant/company
- _____ Paid by company prior to receipt of badge
- _____ Tenant/employee pays (cash or personal check)

Fingerprints (only applicable to SIDA, Sterile-AOA, and Sterile Area badge requests):

- _____ Billed to the tenant/company
- _____ Paid by company prior to receipt of badge
- _____ Tenant/employee pays (cash or personal check)

Badge Deposit:

- _____ Billed to the tenant/company
- _____ Paid by company prior to receipt of badge
- _____ Tenant/employee pays (cash or personal check)
- _____ Tenant/Company guarantees to pay the fine for all badges lost or not returned, in lieu of deposit.

I _____ (Authorized Signatory) hereby authorize myself and/or
_____ (company) will pay for all financial responsibilities as indicated above.

Signature (Authorized Signatory)

Date

Company Billing Address: _____
