About this Directory

The Resource is a community directory of non-profit and government organizations serving the Juneau area. It is maintained and published by the City and Borough of Juneau Public Libraries. The online version of The Resource is updated continuously. The printable PDF version is updated quarterly or when there are a substantial number of changes to the database.

Who is Included

Non-profit clubs, groups, organizations and government agencies serving the Juneau area and providing services for free or at a low cost are invited to submit an entry in The Resource. Certain profit-making organizations may be included if they provide services for free to the public or offer sliding-fee rates, scholarships, etc. for low-income persons.
