Specific Issues:

How would you use an improved park and seawalk? What is special about this place?

Do you think the existing pavilion should remain?

Would you like to see a new pavilion or seasonal shelter?

Do you think the Fisherman’s Memorial should be relocated to Marine Park? If so, where would you like to see it (located at the water’s edge, designed into the central area of the park, etc)?

What do you want to see in the new park?
