1.0 GENERAL INFORMATION

This Request for Proposals (RFP) defines the scope of the project, explains the procedures for selecting a firm to provide the requested services, and defines the documents required to respond to the RFP.

1.1 Purpose: The purpose of this document is to solicit proposals from qualified Contractors to provide general electrical construction services through individual Project Agreements. Each Project Agreement will be limited to a maximum fee of $50,000. If a Project Agreement is assigned to a Contractor, a scope of work, schedule and fee will be mutually agreed upon by the CBJ Project Manager and the Contractor. The CBJ has the right to refuse fees deemed unreasonable. After a signed Project Agreement between the CBJ and the Contractor has been completed, a Notice to Proceed and a purchase order will be issued.

1.2 Scope of Services: It is the intention of the CBJ to enter into a term contract with a Contractor to perform general electrical construction services, including marine related projects, installations and maintenance of security cameras and maintenance of existing electronic key card systems.

New construction and/or reconstruction work may be accomplished through this contract. The price estimate supplied by the Contractor for a specific project must be reasonable and within the maximum allowable amount of $50,000 and shall include all labor, materials and equipment. Each Project Agreement will stand alone and must be authorized in the form of a written Notice to Proceed by a representative of CBJ Docks and Harbor.

Although the primary purpose of this contract is to perform work that has been pre-scheduled, there may be work that requires an immediate response. Work may also be required outside of the CBJ’s regular business hours (Monday – Friday, 8:00a.m. – 4:30p.m.), including weekends and CBJ holidays.

The CBJ does not guarantee that any Project Agreements will be made under this contract, nor guarantee any minimum contract value.

In the event that no general electrical construction services are requested during the contract period, Project Agreements will not be assigned. Contractors selected for the Term Contract shall submit their current hourly rate, to be made a part of the Term Contract. If a renewal period is agreed upon, the hourly rate may be subject to a price adjustment increase based upon documentation by the Contractor relating to a union wage increase.

1.3 Subcontractors: Subcontracting will be accepted only with written authorization from the CBJ Contract’s Office. If a Subcontractor is accepted, the following requirements shall apply.
• A Subcontract Report shall be submitted from the Contractor
