## 2009 Start Smart Soccer Development Program

The Start Smart Soccer Development Program is a proven instructional program that prepares children (through age 4) for the world of organized soccer without the threat of competition or the fear of getting hurt. Parents work with their child in a supportive environment to learn the basic skills...such as kicking, dribbling, trapping, throw-ins and agility. Start Smart's goal is to develop a child's basic interest in soccer, to increase their self-confidence and to help them find success in sports, all of which can lead to a lifetime of continued fitness and health.

Start Smart is a six week, one hour per week program. **Youth and their parents** participate in each session. Each child will receive a T-shirt and a participant manual to keep.
