Subject: PSA – Water & Wastewater Rate Increases

The City & Borough of Juneau Assembly approved an increase to both the water and wastewater rates on June 6th, 2014. The next rate increase will go into effect July 1st 2016.

This Public Service Announcement is just a reminder to the community that the next rate increase will be going into effect and to expect the changes in your billing statements.

As a reminder, all Bill Pay automated customers will need to update their accounts to reflect the new rates in order to stay current.

We thank you for your patience through this process and appreciate the opportunity to serve your water and wastewater needs.
