SUBJECT: Willoughby District Land Use Plan – Staff Review Version

Enclosed is an initial draft of the Willoughby District Land Use Plan. The staff technical team will be reviewing and making edits to this draft for the next two weeks.

The document is generally in good shape and is considered 95% complete. I anticipate that an executive summary will be prepared as well as modifications to figures 7 and 8, and chapter 6. Other edits are likely to occur. For quick reference, sections 5.3 and 5.4 summarize the focus of the plan.

A draft plan will be made available to the Committee and the public in March. Please do not copy or otherwise redistribute the review version of the plan.
