RE: STIP Resolution

The Alaska Department of Transportation/Public Facilities (DOT/PF) is in the process of completing scoring projects for the Statewide Transportation Improvement Plan (STIP). DOT staff incorrectly believed that a project proposed by a Representative would automatically qualify for Local Support points.

Rep. Munoz' office proposed an Auke Bay Bike and Pedestrian project, a project that would extend a bike and pedestrian path from Auke Bay to the Ferry Terminal. It was not included in the Assembly's resolution from early this month and has a chance at receiving funding provided that the Assembly pass a resolution expressing local support for the project.

**Recommendation:**

I recommend that the PWFC forward a Resolution of support to the full Assembly.
